Objective

Motivated and detail-oriented aspiring Full Stack Developer with a strong foundation in web technologies, programming, and problem-solving. Passionate about building scalable web applications and enhancing user experiences. Seeking an opportunity to apply my skills in a dynamic and growth-oriented environment.

Education

Bachelor of Technology (B.Tech) in Electronics and Communication Engineering - Sasi Institute of Technology and Engineering, Tadepalligudem (2022 - Ongoing) - Current CGPA: 9.19

Intermediate (MPC) - Sasi Junior College, Nidadavole (2020-2022) - 966 Marks (96%)

Secondary Education (10th Grade) - Sasi English Medium High School, Nidadavole (2019-2020) - 9.3 GPA

Internships

Web Development Intern - InternPe (April 22, 2024 - May 19, 2024)

Developed and designed responsive web applications.

Gained hands-on experience with front-end and back-end technologies.

Worked on real-world projects to enhance user experience and functionality.

Data Engineering Virtual Internship - AWS Academy (April - June 2024)

Learned foundational data engineering concepts and cloud-based data solutions.

Worked with AWS services to manage and process data efficiently.

Gained hands-on experience with ETL processes and data pipeline creation.

Projects

Responsive Personal Portfolio

Developed a fully responsive personal portfolio website using HTML, CSS, and JavaScript.

Showcased projects, skills, and contact details in an interactive format.

E-Commerce Website

Created an e-commerce platform with product listing, cart, and checkout functionality.

Implemented front-end using React.js and back-end using Node.js with MongoDB.

Simple To-Do List Webpage

Built a task management web application with options to add, edit, and delete tasks.

Used JavaScript for interactive UI and local storage to persist data.
